

## Rowing Etiquette/Responsibilities

1. Secure your own equipment: oars, footboards, seats, bungees, bailer
2. Identify your equipment with some sort of markings
3. Keep items secure and bundled after each rowing session
4. Set up equipment prior to row session and breakdown after row session
5. Secure your equipment in proper storage place (i.e. shed, under ramp)
6. **Do Not Use** other rowers equipment unless having received permission to do so
7. If assistance is needed to haul boat to front line, please seek appropriate personnel to do so
8. At conclusion of row, properly place boat on trailer and seek assistance to return boat to parking area
9. Remove equipment and properly store
10. Boats are not reserved, if you plan to row, report at a timely fashion
11. Lack of proper planning on your part does not constitute an emergency for others
12. Rowing requires a commitment to practice and also to your partner
13. Have a practice plan each day.....work towards a goal
14. Bring water to hydrate
15. Know the tides and winds.....
  - a. Incoming tide runs South....Outgoing tide runs North
16. Be aware of your surroundings entering the water and returning to shore
  - a. Swimmers, bathers, surfers
17. Respect the Ocean!!! Know your abilities before each row session
